

Membership & Resources

Celebrating 60 years of advocating for retailers in Canada

Since 1963, Retail Council of Canada has been fighting unapologetically for every retailer, every retail issue, and every retail job across Canada. We always have your back, and we are proud that you are a part of the strongest voice, the strongest promoter, and the strongest advocate for retailers across every region.

RCC Membership is company wide

So all employees have
access to our resources and
content.

RCC Members benefit from
government relations teams
across the country,
including a fully staffed
office in Quebec .
